

Permit Guide for Town of Shalimar

Department of Growth Management

May 2012

Town of Shalimar contact person: Tom Burns, Town Clerk at 651-5723

All Building Permits and Stand Alone Sub Permits need to go to the Town of Shalimar and receive a Town of Shalimar Permit before any plan submittals, building permits or stand alone sub permits can be issued.

1. Owner and/or Builder must show proof of a Town of Shalimar permit.
2. Sub Permits that are attached to a Building Permit do not have to have a Town of Shalimar permit because the Contractor of record has completed this task for the job.
3. Certified Foundation Surveys must be approved (signed) by the Town of Shalimar and the original brought to the Growth Management Department before a C.O. will be issued. We will allow a signed faxed copy of the survey to get an inspection, but the approved original must be received before a C.O. can be issued.
4. For final inspections for new construction (sfd & cis) the Growth Management Department will call the Town of Shalimar to let them know a final inspection has been requested. The Town of Shalimar inspects the drainage, sidewalks and setbacks. They will issue an approval letter to the Growth Management Department.
5. Addresses are assigned by the Town of Shalimar.
6. For new construction, the Water & Sewer Taps fees will need to be paid to Okaloosa County Water & Sewer. A backflow inspection will be required by the Water & Sewer Department.
7. Fire Impact Fees must be paid to Ocean City Wright Fire Department.
